

Eidgenössische Technische Hochschule

*„Poly“*  
1854

Eidgenössische Polytechnische Schule

a Parlamenthez hasonlóan szövetségi  
intézmény, s ezért nemzeti jelentőségű  
(az összes többi egyetem kantonális; pl. Basel, Chur, Lausanne, Luzern)

kémia, matematika, fizika  
Európa top 3-5; a világ top 3-10 egyeteme

Hönggerberg campus, 1976 (1968)  
építész-, építőmérnök, biológia, kémia, anyagtudomány, fizika

## az intézmény felépítése akár az országé demokratikus rendszer

professzúrák / stúdiók rugalmas felépítése  
4db intézet + a független professzúrák  
1 félév = 1 stúdió, 5év = portfólió 10db stúdióval

## Professzúrák

Marc Agn lil : Architecture and Design  
Philippe Block : Architecture and Structure  
Alfredo Brillembourg: Architecture and Urban Design  
Gion A. Caminada: Architecture and Design  
Jan Carmeliet: Building Physics  
Adam Caruso: Architecture and Construction  
Kees Christiaanse: Architecture and Urban Design  
Andrea Deplazes: Architecture and Construction  
Dietmar Eberle: Architecture and Design  
Tom Emerson: Architecture and Construction  
Annette Gigon: Architecture and Construction  
Christophe Giroto: Landscape Architecture  
Fabio Gramazio: Architecture and Digital Fabrication  
Mike Guyer: Architecture and Construction  
Uta Hassler: Historic Building Research and Conservation  
Jacques Herzog: Professor  
Ludger Hovestadt: Computer-Aided Architectural Design  
Christian Kerez: Architecture and Design  
Hubert Klumpner: Architecture and Urban Design  
Matthias Kohler: Architecture and Digital Fabrication  
Vittorio Magnago Lampugnani: History of Urban Design  
Marcel Meili: Architecture and Design  
Sacha Menz: Architecture and Building Process  
Pierre de Meuron: Professor  
Markus Peter: Architecture and Construction  
Karin Sander: Architecture and Art  
Arno Schl ter: Architecture and Building Systems  
Gerhard Scmitt: Information Architecture  
Joseph Schwartz: Chair of Structural Design  
Miroslav S k: Architecture and Design  
Annette Spiro: Architecture and Construction  
Laurent Stalder: Theory of Architecture  
T nnesmann: History of Art and Architecture  
Philip Ursprung: History of Art and Architecture  
G nther Vogt: Landscape Architecture

**Építészettörténeti és Építészetelméleti Intézet (gta)**

**Moravánszky Ákos: Theory of Architecture**

Marc Agnėlil : Architecture and Design

Philippe Block : Architecture and Structure

Alfredo Brillembourg: Architecture and Urban Design

Gion A. Caminada: Architecture and Design

Jan Carmeliet: Building Physics

Adam Caruso: Architecture and Construction

Kees Christiaanse: Architecture and Urban Design

Andrea Deplazes: Architecture and Construction

Dietmar Eberle: Architecture and Design

Tom Emerson: Architecture and Construction

Annette Gigon: Architecture and Construction

Christophe Giroto: Landscape Architecture

Fabio Gramazio: Architecture and Digital Fabrication

Mike Guyer: Architecture and Construction

Uta Hassler: Historic Building Research and Conservation

Jacques Herzog: Professor

Ludger Hovestadt: Computer-Aided Architectural Design

Christian Kerez: Architecture and Design

Hubert Klumpner: Architecture and Urban Design

Matthias Kohler: Architecture and Digital Fabrication

**Vittorio Magnago Lampugnani: History of Urban Design**

Marcel Meili: Architecture and Design

Sacha Menz: Architecture and Building Process

Pierre de Meuron: Professor

Markus Peter: Architecture and Construction

Karin Sander: Architecture and Art

Arno Schlüter: Architecture and Building Systems

Gerhard Scmitt: Information Architecture

Joseph Schwartz: Chair of Structural Design

Miroslav Sık: Architecture and Design

Annette Spiro: Architecture and Construction

**Laurent Stalder: Theory of Architecture**

**Tönnemann: History of Art and Architecture**

**Philip Ursprung: History of Art and Architecture**

Günther Vogt: Landscape Architecture

## **Technológia az Építészetben Intézet (ITA)**

Marc Agn lil : Architecture and Design

### **Philippe Block : Architecture and Structure**

Alfredo Brillembourg: Architecture and Urban Design

Gion A. Caminada: Architecture and Design

### **Jan Carmeliet: Building Physics**

Adam Caruso: Architecture and Construction

Kees Christiaanse: Architecture and Urban Design

Andrea Deplazes: Architecture and Construction

Dietmar Eberle: Architecture and Design

Tom Emerson: Architecture and Construction

Annette Gigon: Architecture and Construction

Christophe Giroto: Landscape Architecture

### **Fabio Gramazio: Architecture and Digital Fabrication**

Mike Guyer: Architecture and Construction

Uta Hassler: Historic Building Research and Conservation

Jacques Herzog: Professor

### **Ludger Hovestadt: Computer-Aided Architectural Design**

Christian Kerez: Architecture and Design

Hubert Klumpner: Architecture and Urban Design

### **Matthias Kohler: Architecture and Digital Fabrication**

Vittorio Magnago Lampugnani: History of Urban Design

Marcel Meili: Architecture and Design

### **Sacha Menz: Architecture and Building Process**

Pierre de Meuron: Professor

Markus Peter: Architecture and Construction

Karin Sander: Architecture and Art

### **Arno Schl ter: Architecture and Building Systems**

Gerhard Scmitt: Information Architecture

### **Joseph Schwartz: Chair of Structural Design**

Miroslav S k: Architecture and Design

Annette Spiro: Architecture and Construction

Laurent Stalder: Theory of Architecture

T nnesmann: History of Art and Architecture

Philip Ursprung: History of Art and Architecture

G nther Vogt: Landscape Architecture
